**5. COMMISSIONERS MATTERS**

CHAIRMAN**

**1. RECONSIDERATION OF REFERENDUM ITEMS:**

- **3% CAP ON BUDGETS**

Chairman Neuberger introduced and aired a Digital Video Disk (DVD) he received from State Representative Ralph Poppell, entitled “100 Innovative Ideas for Florida’s Future”. It talked about Florida, as a “Place of Promise” where people are in search of opportunities for a better life. Designated Speaker of the Florida House of Representatives Marco Rubio and other future Speakers of the House highlighted the concerns of Florida residents that no one was listening and the “Promise” was slipping away.

The Speakers talked about a “Movement” that is taking place in Florida and the four basic principles by which it would be governed. They are:

1. Government must listen to people and empower them
2. Good ideas change lives
3. The Government’s money is the people’s money; and
4. Government and its elected representatives must be accountable to the people they serve.

This “Movement” and the people who believe in it will renew and preserve the Promise of Florida, it said. The Plan is to listen to the people’s concerns and their ideas for addressing them in order to renew the “Promise of Florida”. Ideas from Florida residents would be compiled into a book called “100 Innovative Ideas for Florida’s Future”. Although the ideas for this Plan would come from the people Government would be responsible for the end result. People could convene at “Idearaisers” sessions where lawmakers would listen or they could log on to [www.100ideas.org](http://www.100ideas.org) website and submit their ideas or review and comment on the ideas of others and participate in live chat on specific issues with their Representatives.

Chairman Neuberger was impressed with what he saw on the video. He asked State Representative Poppell if the book had been published.

**State Representative Ralph Poppell** showed an empty book. The plan is to gather the ideas of Florida residents over time to fill the book, he said. He reiterated his support for the book thinking it’s a great idea. They are holding themselves to it in the Legislature, he said.

Chairman Neuberger asked what was the timetable for getting the book filled.

**Representative Poppell** had no timeline for the completion of the book. It is a growing process, he said

Chairman Neuberger questioned whether the Board was interested in adopting something like this and do away with referendums.

Commissioner Davis said “no” to doing away with referendums, but liked the idea presented regarding the 100 Innovative Ideas for Florida’s Future. He felt it was a good opportunity to take it out of the Constitution but still take it to the Governor. He wanted to see the items under 5.A.1. placed on the November ballot.

MOTION WAS MADE by Commissioner Davis,  
SECONDED by Commissioner Lowther, for discussion,  
to place the items: 3% Cap on All Assessments, 3% Cap  
on Budgets, and Urban Service Boundary, on the  
November Ballot.

Commissioner Wheeler needed clarity on the Motion. Discussion ensued regarding the Motion.

The Chairman CALLED THE QUESTION. Motion  
FAILED by a 2-2 vote (Chairman Neuberger &  
Commissioner Wheeler opposed) Commissioner Bowden  
was absent.

**B. COMMISSIONER GARY C. WHEELER, VICE  
CHAIRMAN**

**1. ANONYMOUS PROPAGANDA LETTER CIRCULATING  
THROUGHOUT THE COUNTY REGARDING THE INDIAN  
RIVER COUNTY SHOOTING RANGE (LETTER ATTACHED)**

Commissioner Wheeler addressed the contents of an anonymous letter, which was circulated to some Concealed Weapons Permit holders in Indian River County, accusing him of plotting with the Indian River Neighborhood Association (IRNA) to close the gun range. He dismissed the claims as “absolutely, totally, and completely false”. The letter was placed on overhead projection.

Executive Aide to the Board Kimberly Massung read the letter addressing “neighbor and fellow gun owner” and initialed “C.W., Gun owners for Keeping America Free” (copy on file).

Commissioner Wheeler felt the letter was insulting to the intelligence of gun owners and people who use the range. He believes in the right to bear arms and gun safety and saw this letter as propaganda. He, however, admitted to the only thing correct in the letter. That is, he had said they should look at putting the designation under Recreation, and that was basically to keep the gun range, because State law says that after 5 years if it is not profitable, and if they wanted to keep it going, it has to be in a department.

County Administrator Joseph Baird confirmed, explaining that it was the Auditors who had expressed that if it did not make money they would have to move it out as an Enterprise Fund as they felt it should fall in a taxing fund at that point.

Commissioner Davis sympathized with Commissioner Wheeler and thought they should just move on. Everyone agreed.
