BUDGET MESSAGE

BOARD OF COUNTY COMMISSIONERS

1801 27th Street, Vero Beach, Florida 32960-3388

July 7, 2010

Board of County Commissioners
Indian River County
1801 27th Street
Vero Beach, FL 32960

Dear Commissioners:

As required by Florida Statutes, transmitted with this message is the recommended budget for Fiscal Year 2010/2011 (FY 10/11).

The proposed budget represents the general operating framework for providing all County services for the forthcoming year. As presented, it reflects the County Administrator's plan of implementing and funding the recommended service levels. The budget has been developed with a combination of guidelines provided by the Board of County Commissioners (BCC) throughout the year, critical input from all departments, Budget Department guidance, the Administrator's perception of needs, responses from the community, and the Constitutional Officers' budgets.

Reduced Taxes / Recent History

Indian River County has been making adjustments to account for reduced revenues for the last four years. The proposed budget for FY 2010/11 includes a decrease in total property taxes levied by \$10.2 million (or 11.6%) from last year. This follows decreases of \$9.7 million, \$5.1 million and \$900,000 for fiscal years 2009/10, 2008/09 and 2007/08, respectively. (See Table 2 on page 5). This means that Indian River County taxpayers overall will pay substantially less property taxes to County government in 2011 than the current year. We have attempted to hold the line on taxes by reducing expenses substantially in response to the declining tax roll. The General Fund, M.S.T.U. Fund and Emergency Services District millage rates are the same or below current since expense cuts have absorbed the entire decline in the tax roll. With the decreases over the last four years, our total ad valorem taxes are down \$25.9 million from FY 2006/07. The proposed property tax levy is now below the amount collected in FY 2004/05.

Over the last four years, BCC departments have reduced staff by 206 full-time positions. This represents a 21.4% reduction in staffing from 2006/07. Our current staffing levels are now equivalent to the FY 1996/97 budget. However, the population served and the services provided have increased substantially from 1996/97. Please see Table 1 on the following page for a highlight of services provided then and now.

Fiscal Year 2010/11 Budget Highlights

In response to declining property values, sales taxes and various other County revenues, BCC departments, Constitutional Officers, and outside agencies were asked to trim their budgets substantially from the previous year. Many cost saving initiatives have been proposed in order to account for the revenue reductions. Some of these include management reorganizations, staffing reductions, operating expense decreases, contract renegotiations, minimal reductions of services and programs, and reduced non-profit funding. In summary, staff has undertaken a critical review of all functions to streamline operations as much as possible without impacting service levels.

The total proposed budget is \$258,855,120, a decrease of \$100,022,016, or 27.9% from the current year. This represents a drop of 45.2% from the approved FY 2006/07 amount of \$472,420,328. A detailed all fund expense summary is contained in the exhibits following this message (pages 25 and 26).

The single greatest individual expense in the budget is Personnel Services. In order to balance the budget with the reduced revenues, a net decrease of fifty (50) full-time (FT) positions and five (5) part-time (PT) positions have been proposed for next fiscal year. This results in a total savings of \$2,776,572. This net decrease includes a reduction of forty-four (44) full-time and six (6) part-time BCC positions. The Constitutional Officers' budgets propose a decrease of six (6) full-time positions and an increase of one (1) part-time position.

Highlights of FY 2010/11 Budget:

- **Proposed taxes** - \$10.2 million (11.6%) decrease from 2009/10
- **Declining taxroll** – down 10.4% (General Fund); -12.8% (M.S.T.U.), -12.4% ESD
- **Position eliminations** - \$ 2,776,572 savings (50 full-time, 5 part-time positions)
- **Merit/Step raises** – No raises for Non-union and IAFF (savings of \$1,032,143)
Teamsters merit increases - \$437,405
- **Interest earnings** - Down \$1,977,097 or 39.2%
- **Health Insurance** – Administrative fee decreases \$179,000
- **Overtime limitation** - Decreasing \$240,138 or 11.0%
- **Bond issue paid off** – Original \$15 million land acquisition bonds - \$1,271,297 savings
- **Total taxing funds** - down \$22.5 million or 13.6%
- **Fund reserve usage** - \$2.8 million to balance budgets

Vacant positions have been eliminated where possible in order to reduce the impact on existing employees. Some displaced employees may be moved into existing vacancies as well. A hiring freeze has been in place since May 2007 to facilitate this process.

The proposed budget contains no raises for any non-union employees. Staff recommendation is to freeze these pay rates with no COLA, merit raises, or top-out pay. The County's two bargaining units (Teamsters and the International Association of Firefighters – IAFF) currently have contracts that run through the end of next fiscal year. Each contract includes a merit (Teamsters) or step (IAFF) for fiscal year 2010/11. Both unions have agreed to forego requesting a COLA. The IAFF Union has scheduled a vote on foregoing their contractual merit increases and top-out pay in exchange for a two-year extension to the agreement. The budget and proposed tax rates have been calculated based upon the membership ratifying the agreement. However, the vote will not occur until July 13th. If the union membership does not approve the agreement, then the Emergency Services District millage rate would need to increase from the current rate. The Teamsters Union has not agreed to forego their merit increases and top-out pay at this time. Therefore, the proposed budget includes \$437,405 for these raises.

Revenue Outlook

Indian River County, like the nation overall, has been experiencing a continuation of the economic slowdown this year. New construction activity has remained slow. The national slowdown has impacted our tourism and retail industries as well. Some revenues have leveled off and some are beginning to show signs of a slight increase. Therefore, our revenue projections for next year are mixed. For example, Half-Cent Sales Tax is increasing \$134,077 or 2.0%, while interest earnings are expected to drop \$1,977,097 or 39.2%. State Shared Revenues are expected to increase by \$77,679 or 3.2%.

The tax roll is decreasing by 10.4% compared to a decrease of 8.8% last year. Building permit revenues are expected to fall \$74,500 or 5.1%. ALS Charges are expected to increase by \$765,000 next year. Gas taxes are expected to rise by \$331,623 or 6.2% overall. Many of these revenue increases are following four years of substantial decline. For example, Half-Cent Sales Taxes are up 2.0% from this year. However, the projected amount is still \$2.3 million (25.2%) below the peak in FY 2006/07.

Proposed Ad Valorem Tax Rates

Based on the preliminary rolls and recommended expenses, the proposed millage rates are as follows:

Table 5
Comparison of Proposed Millage Rates to Rollback

Fund Description	2010/2011 Rollback Millage	2010/2011 Proposed Millage	Difference	% Difference
General Fund	3.4864	3.0892	(0.3972)	-11.4%
M.S.T.U. Fund	1.2546	1.0733	(0.1813)	-14.5%
Emergency Services District	1.9807	1.7148	(0.2659)	-13.4%
Land Acquisition Bond ⁽¹⁾	0.0725	0.0681	(0.0044)	-6.1%
Land Acquisition 2004 ⁽¹⁾	0.3154	0.3406	0.0252	8.0%
Aggregate Millage	5.8152	5.0933	(0.7219)	-12.4%

(1) Rollback does not apply to voted debt, so the current rate is used for comparative purposes.

The General Fund, M.S.T.U. Fund, and Emergency Services District are all substantially below rollback. The M.S.T.U. Fund is below current by 0.4%, while the General Fund and Emergency Services District millage are the same as the current rate. The aggregate millage is 12.4% below the rollback millage and 0.04% below current. The proposed millage rates will result in a decrease in ad valorem taxes levied by \$10.2 million or 11.6% from the current year.

For illustrative purposes, the effect of the preceding proposed rates on a home with an assessed value of \$200,000 and a homestead exemption of \$50,000 is shown in Table 6 on the following page.

Table 6

Typical House Comparison – Proposed vs. Current

Total – Unincorporated Area	\$940.40	\$942.91	\$2.51	0.27%

As will be explained in the appropriate sections, the only other changes in rates or fees is a decreased assessment rate on commercial property in the Solid Waste Disposal District and decreased assessment rates in some street lighting and stormwater assessment MSBU's.

General Fund

The proposed General Fund budget is \$72,153,961, a decrease of \$12,025,701 or 14.3%. Specific departmental, Constitutional, and agency budget summaries are contained in the exhibits following this message (pages 31 and 32). Some of the major factors impacting the General Fund budget are presented below:

- Ad valorem reduction – \$5,467,010 or 11.1% decrease
- Interest earnings – down \$85,000, or 17.7%
- Eliminated 7.07 full-time positions - \$521,204 savings
- Merit Raises - Increase of \$66,666 Teamsters (with benefits); Non Union – no increases (savings of \$236,360)
- Retirement rate increase - \$51,052
- State Mandates/Constitutional Officers - Make up about 72.4% of total budget

- Fund reserves used - \$815,000 to balance budget

The following graph illustrates the breakdown of expenditures by agency in the General Fund. It should be noted that State Mandates and Constitutional Officers account for about 72.4% of the total fund expenditures. BCC departments represent 21.9% of the total General Fund budget, down from 22.2 % last year. Constitutional Officers' budgets represent 63.6% of the total budget, up from 62.6% last year.

General Fund Expenses by Category - FY 2010/11

The impact of declining real estate market values results in a loss of about \$5.5 million in the General Fund. In order to balance the budget with these reduced revenues, BCC departments were cut by about 9.6%. Constitutional Officers, who make up 63.6% of the General Fund, were asked to cut their budgets by as much as possible.

The Clerk of Court's requested budget is a decrease of 0.5% from the current year. However, the recommended funding is for a reduction of 3.0%. The Supervisor of Elections' budget request is an increase of 2.1%. The recommended budget here has been reduced to 3.0% below the current year as well. The Property Appraiser proposed a budget decrease of about 8.7%. The Tax Collector's budget is not due until August 1st; therefore, we have estimated no change in this budget request at this time.

The Sheriff's budget request is an increase of \$417,542 or 1.0% from the current year. However, staff recommendation is a reduction of \$2.5 million or 6.0% from the current year. It should be noted that the Sheriff has not agreed to this reduction. However, staff recommends this decrease as a reasonable compromise in light of the substantial reduction in available resources. The recommended cut is substantially smaller than the percentage cut for BCC departments, non-profits, State agencies and some other Constitutional Officers. Please note that if the Sheriff's requested amount is funded, the General Fund would increase by \$2,917,542. This would result in a millage rate of 3.3063 mills or 7.0% above current.

The BCC departments show a net decrease of 7.12 full-time equivalent positions in the General Fund. The General Services Director has been eliminated as part of a mid-year reorganization that reduced our number of department heads from nine (9) to seven (7) and saved approximately \$869,789. The Facilities Management Foreman was eliminated as part of the reorganization, as well. Three (3) full-time and two (2) part-time employees have been eliminated in the Parks Division, in addition to one (1) part-time position in Purchasing. Ag Extension and Computer Services each eliminated one (1) full-time position.

One part-time position has been eliminated each at the North County Library and Brackett Library. Other library employees' hours have been reduced by about 6.5%. This has allowed for the library budget to decrease by 7.4% overall. The Main Library hours will change from 1:00 to 6:00 PM on Sundays to 1:00 to 5:00 PM. Also, the Main Library will close at 5:00 PM rather than 8:00 PM on Tuesday. Please note, the Brackett Library will remain open until 8:00 PM on Tuesdays, so that residents will still have access to a library in the South County during these hours.

The BCC departmental budgets total \$15,791,194, a decrease of \$1,685,287, or 9.6%. The proposed Constitutional Officers' budgets are \$45,887,427, a decrease of \$3,048,350, or 6.2% (including the staff recommended budget reductions of the Clerk of Court, Sheriff and Supervisor of Elections). Recommended State agency budgets total \$2,055,654, a decrease of \$243,074, or 10.6%.

Proposed funding for Children's Services is \$691,290, a decrease of \$76,810, or 10%. This is slightly less than the amount recommended by the Children's Services Advisory Committee (\$700,000).

Total transfers out of the General Fund are decreasing \$512,773. This decrease can largely be attributed to a reduced subsidy for the Transportation Fund (\$449,136). The transfer to the Beach Restoration Fund is decreasing \$62,552 due to the elimination of the Coastal Resource Manager position.

Taxable values within the Sebastian and Fellsmere Community Redevelopment Areas (CRA's) decreased this year, resulting in decreases of 33.4% and 39.9% in required contributions, respectively.

Half-Cent Sales Tax revenues are increasing \$256,682, or 8.6% and State Revenue Sharing is increasing \$110,784 or 9.8% from the current year amounts. The decline in Treasury rates has caused a decrease in interest earnings of \$85,000, or 17.7% for the General Fund.

Based on the preliminary roll, the assessed value decreased by 10.4% compared to a decrease of 8.8% last year. New construction added 1.1% which mitigated the 11.5% decrease in existing values.

The millage rate to fund the recommended General Fund budget is 3.0892, the same rate as current and is 11.4% below rollback.

The General Fund budget utilizes \$815,000 in reserves to balance the budget, while avoiding a tax

rate increase. This measure is not in accordance with our fund balance policy prohibiting the use of reserves for recurring expenses. Staff is concerned about this measure impacting the County's bond ratings and long-term financial health. It should be noted that any shortfall in revenue or additional expenses may require mid-year adjustments. This may include the need for additional staff reductions, health insurance changes, furloughs or other measures as necessary. As the economy improves, the use of fund balance will need to be phased out in order to preserve the long-term financial strength of the organization.

Municipal Service Taxing Unit (M.S.T.U.) Fund

The M.S.T.U. recommended budget is \$25,590,018, a decrease of \$4,797,098, or 15.8% (page 34). Of the decrease, \$3.2 million is due to the Piper transfer budgeted in the current year. Transfers out to the Transportation Fund are decreasing by \$548,944. This is due to a substantial decrease in expenses in the Transportation Fund. Transfers out make up such a large portion of the M.S.T.U. expense budget (76.3%), that any change causes a significant impact on the total fund budget. A summary of major factors impacting the M.S.T.U. Fund is shown below:

- Staffing reductions - \$530,430 savings (9.02 full-time positions)
- Transfers - \$772,978 decrease
- Salary increases – Non-union \$76,017 savings; Teamsters - \$32,688 increase

The M.S.T.U. departmental budgets are decreasing \$903,693, or 15.5%. The proposed budget includes the elimination of 8.97 full-time positions. The Recreation Director position was eliminated as part of the mid-year reorganization. Two (2) full-time and one (1) part-time lifeguard positions have been eliminated in Ocean Rescue due to changing Treasure Shores to an unguarded beach. This change translates into a savings of \$119,214, with no loss of revenues. Minor changes to operation schedules at the North County and Gifford Aquatic Centers have allowed for the reduction of two (2) full-time positions at North County for a net savings of \$41,135. The Gifford Aquatic Center and the activity pool at North County will be open from April 1 – September 30, as opposed to the current year schedule (March 15 – October 15).

The Code Enforcement Coordinator and one Code Enforcement Officer have been eliminated in Planning. Additionally, a GIS Database Tech has been transferred to the GIS Department.

M.S.T.U. Fund revenues are mixed for the upcoming fiscal year. Ad valorem revenues are falling by \$1,344,431 or 13.8%. Interest earnings are declining \$32,000, or 16.7%, due to decreased Treasury rates. Franchise Fee revenues are rising \$215,000, or 2.4% over the current fiscal year. The Local Communication Service Tax is increasing \$59,644 or 4.6%.

Based on the preliminary roll, the assessed value decreased by 12.8% compared to a decrease of 11.4% last year. New construction added 1.3%, mitigating the 14.1% decrease in existing values.

The proposed millage rate for the M.S.T.U. Fund is 1.0733. This represents a decrease of 0.0041 mills, or 0.4% from the current year. This is 14.5% below the rollback rate.

Transportation Fund

The recommended budget for the Transportation Fund is \$13,315,401, a decrease of \$2,417,305 or 15.4% (page 36). Some of the major factors impacting the Transportation Fund Budget are presented below:

- Staffing reductions - \$600,373 savings (12 full-time positions)
- Merit Raises - Increase of \$130,945 Teamsters (with benefits); Non Union – no raises - \$97,822 savings
- Gas taxes – Increase of \$49,663 or 2.3%
- Retirement Rate increases - \$34,986 additional cost

A total of twelve (12) full-time positions have been eliminated in the Transportation Fund. The Road & Bridge Department includes a reduction of eight (8) full-time positions. This will limit the ability to maintain rights-of-way and roadways somewhat, but increased efficiencies will mitigate the impact.

Three (3) full-time positions have been eliminated in Traffic Engineering and one (1) full-time position has been eliminated in Engineering.

Constitutional gas taxes are increasing for next fiscal year by \$35,523 or 2.3%. County gas tax sees a slight increase as well (\$14,140 or 2.1%). Transfers from the General Fund and M.S.T.U. will account for 59.7% of total revenues next year compared to 56.9% for the current year.

Emergency Services District Fund

The total budget proposed for next fiscal year is \$26,493,200, a decrease of \$1,990,318, or 7.0% (page 37). A summary of the major impacts on the Emergency Services District is provided as follows:

- Real estate decline - \$3.0 million or 13.1% decrease
- No Step/Merit increases - savings of \$406,675 IAFF (assumes union ratification to forego raises) and \$19,534 Non-Union
- One (1) full-time position eliminated - \$94,890 savings

Based on the preliminary roll, the total assessed value decreased by 12.3% compared to a 10.0% decrease last year. New construction provides an increase of 1.1%, which helps mitigate the 13.4% decrease in existing values. The proposed budget results in a decrease of one (1) full-time position. The Captain Fire Investigator will be eliminated, effective November 1, 2010, for a savings of \$94,890.

The proposed millage rate of 1.7148 is the same as current. This represents a 13.4% decrease below the rollback rate. The budget includes the use of \$2 million in fund reserves to balance this budget with no millage increase in accordance with direction from the Board. It should be noted that this plan utilizes fund balance to fund a recurring expense (salaries and operating expenses), which is not in accordance with the County's fund balance policy or recommended best practices from the Government Finance Officer's Association. As the economy improves, this use of fund balance must be phased out. Otherwise, the financial health of the Emergency Services District may become threatened.

The IAFF and management have reached a tentative agreement whereby the union would forego raises next fiscal year. These raises are included in the current contract that runs through the end of next fiscal year. This agreement will result in annual savings of approximately \$406,675. It should be noted that as of this date, the membership has not voted on this agreement. The proposed budget has been submitted based on the assumption that the agreement is ratified. If it is not approved, the budget would need to be increased. Likewise, the millage rate would need to increase 0.0368 mills or 2.1% above the current rate.

Original (\$26 Million) Land Acquisition Bonds

The debt service for next fiscal year is \$1,058,713, a decrease of \$1,271,297, or 54.6%. This decrease is due to the original \$15 million payoff of the bond issue this year. The rollback level does not apply to General Obligation debt. The millage rate is 0.0681, a decrease of 0.0044, or 6.1% from last year.

Land Acquisition Bonds – 2004 Referendum

Total debt service expenses are budgeted at \$4,751,963, a decrease of \$41,135, or 0.9%. The millage rate is 0.3406, an increase of 0.0252, or 8.0%. This millage needs to be increased to generate the same revenues as least year in order to fund the debt service amount. Land acquisition expenses are budgeted in Special Revenue Fund 145.

Solid Waste Disposal District (S.W.D.D.)

NOTE: The Solid Waste Disposal District and Enterprise budgets are presented in accordance with Generally Accepted Accounting Principles (GAAP). As a result, capital and principal debt service payments are not included and depreciation is reflected.

The total proposed S.W.D.D. budget is \$10,713,852, a decrease of \$155,652, or 1.4% (page 43). The SWDD Operations Coordinator position has been eliminated for a savings of \$69,853. Additionally, an Auto Cadd Operator position has been eliminated.

Changes in paper recycling operations have lead to the elimination of three additional positions. This change results in an estimated savings of \$74,464.

Based upon the recommended level of expenses, we are able to slightly decrease the assessment rate for commercial, while residential rates remain unchanged. Residential assessment rates will remain \$64.61 per Equivalent Residential Unit (E.R.U.). Commercial rates will decrease \$0.04 per Waste Generation Unit (W.G.U.), or 0.1% to \$28.09 per W.G.U. The proposed readiness-to-use fee is \$17.10 per W.G.U, unchanged from this year.

Special Revenue and Capital Projects Funds

Please see the table below for proposed reduction in fees for fiscal year 2010/11 in some Street Light District and M.S.B.U. budgets. If not shown below, the proposed rates remain unchanged from current.

Assessment Districts	2009/2010 Parcel/Acre Charge	2010/2011 Parcel/Acre Charge	Increase Decrease	% Increase (Decrease)
Rockridge	\$10.00	\$8.00	(\$2.00)	(20.00)%
Porpoise Point	\$13.00	\$11.00	(\$2.00)	(15.38)%
Tierra Linda	\$23.00	\$21.00	(\$2.00)	(8.70)%
Vero Shores	\$21.00	\$19.00	(\$2.00)	(9.52)%
Ixora Park	\$19.00	\$17.00	(\$2.00)	(10.53)%
Roseland	\$1.50	\$1.00	(\$0.50)	(33.33)%
Whispering Pines	\$18.00	\$16.00	(\$2.00)	(11.11)%
Moorings	\$12.00	\$10.00	(\$2.00)	(16.67)%
Walker's Glen	\$24.00	\$22.00	(\$2.00)	(8.33)%
E. Gifford Stormwater M.S.B.U.	\$15.00	\$10.00	(\$5.00)	(33.33)%

The Optional Sales Tax Fund budget is \$14,942,711, a decrease of \$17,976,083 from the current year. This decrease is due largely to the fluctuation in capital projects from year to year. The

Traffic Impact Fees Fund is decreasing by \$22,784,557, and Secondary Roads Fund is decreasing by \$7,226,222. These funds reflect the decrease in impact fee revenues and the carryover of projects from the last fiscal year.

Golf Course

The proposed Golf Course budget totals \$2,885,148, a decrease of \$329,797, or 10.3%. About half of the decrease (\$160,000) is due to the renegotiation of the contract covering maintenance of the golf course. The vendor has agreed to a 13.8% decrease in fees, with no change in level of service.

Building Division

The proposed budget is \$1,784,816, a decrease of \$247,252 or 12.2% (page 52). This decrease is due to the slowdown in building activity over the last several years. During the current fiscal year, two (2) full-time positions were eliminated. Fifteen (15) full-time positions are budgeted for next year, down 71% from a high of fifty-two (52) positions at the beginning of 2006/07.

Utilities

The Utility Services recommended budget is \$38,476,206, a decrease of \$1,228,081, or 3.1% (page 53). Six (6) full-time positions and one (1) part-time position have been eliminated for a cost savings of \$421,716. One Environmental Engineer, one Inspector and three positions in Water Distribution have been eliminated as a result of decreased development and permitting. Due to reduced assessment projects, the Manager of Assessments position has been eliminated as well. Staff recommends these adjustments in an effort to avoid future rate increases. Making these adjustments now can avoid the need for painful increases in the future, similar to what other jurisdictions have faced in recent years.

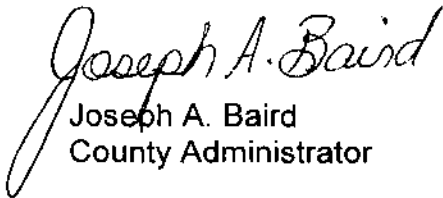

A slight decrease in user fee revenues is anticipated due to the economic slowdown. The proposed cost saving measures should provide adequate adjustment for the revenue reduction. Therefore, no increase in rates or fees is recommended in Utilities.

Prospective View

It will be our continuing challenge to meet the demands of the combined impact of the reduced tax roll and other declining revenues while trying to maintain services for our taxpayers. We have worked with BCC departments, Constitutional Officers, state agencies, and nonprofits to reduce the County budget to account for these revenue declines. However, we anticipate another difficult year in 2011/2012. While we are beginning to see signs that the decline has slowed, staff expects any recovery to be long and slow. With the use of fund reserves to balance the budget in some funds, we are concerned about the long-term implication of this plan. These reserves will need to be maintained at solid levels for the long-term financial health of the organization. When a recovery takes hold, we will need to phase out the use of reserves in funding the budget.

The preceding is intended to provide the Board with a general overview of the most significant changes in the proposed budget. A more detailed explanation will be provided during the workshop sessions.

Respectfully submitted,

Joseph A. Baird
County Administrator
