10.A.1. REQUEST FOR THE BOARD OF COUNTY COMMISSIONERS TO CONSIDER AN ORDINANCE TO APPROVE NEW IMPACT FEE SCHEDULES FOR NON-RESIDENTIAL USES FOR THE UNINCORPORATED INDIAN RIVER COUNTY AND MUNICIPALITIES (LEGISLATIVE)

PROOF OF PUBLICATION OF ADVERTISEMENT FOR HEARING IS ON FILE IN THE
OFFICE OF THE CLERK TO THE BOARD

Community Development Director Stan Boling recalled the Board's approval on March 11, 2014 to bifurcate the residential impact fees from the non-residential impact fees and quickly make revisions to the latter. He used a PowerPoint presentation (copy on file) to provide background and an overview on the revised impact fee schedules for non-residential uses. He stated that the impact fee reductions will begin on May 5, 2014; and the only two impact fees with increases (jail and veterinary clinics) will commence on October 1, 2014. Director Boling presented staff's recommendation for the Board to approve the new non-residential impact fee schedules for: (1) the unincorporated County; (2) the municipalities of Fellsmere, Town of Orchid, City of Sebastian, and City of Vero Beach; and (3) the Town of Indian River Shores, by adopting the proposed Ordinance. He noted that a workshop meeting and subsequent public hearings will be held regarding the residential fees, with the dates yet to be determined.

Discussion ensued as staff responded to questions raised by the Board.

The Chairman opened the Public Hearing.

Bob Johnson, Coral Wind Subdivision, sought and received further information about the law enforcement impact fee.

Charlie Wilson, Impact Fee Consultants, gave his perspective on the impact fee program and the Affordable Growth Method that was used by the County's impact fee consultant, Tindale-Oliver & Associates, Inc. to prepare their report.

Peter Robinson, Laurel Homes, advocated reducing the residential impact fees with no delay, and that special fees be developed to accommodate large facilities with fewer employees.

Discussion followed on the possibility of developing an alternate impact fee methodology for certain businesses where the fee structure would not automatically be based on the square footage of the building.

City of Fellsmere Manager Jason Nunemaker expressed support for the revised impact fee schedules.

Jeff Thompson, Seville Avenue, asked for an estimated end date of the impact fees that were established for the improvements on State Road 60.

Administrator Baird said that staff would return with a projection on the end-date for the State Road 60 impact fees.

During additional discussion, Commissioner Zorc requested that staff find a way to publicize information on the electric utility impact fees that are collected by the City of Vero Beach.

There were no additional speakers, and the Chairman closed the Public Hearing.

Following further discussion, staff projected that the workshop on residential impact fees would be held within 60 days and recommendations presented to the Board within 120 days.

ON MOTION by Commissioner Solari, SECONDED by Vice Chairman Davis, the Board unanimously adopted **Ordinance 2014-009**, amending Title X, Impact Fees, of the Code of Indian River County, to amend Code Section Appendix A, Impact Fee Schedules, to approve new impact fee schedules for non-residential uses for the unincorporated Indian River County and municipalities; providing for effective date for new impact fee schedules; and providing for codification; and severability.

10.A.2. CONSIDERATION OF AMENDMENT OF LAND DEVELOPMENT REGULATIONS (LDRS) SECTION 973.04, SECTION 973.06, AND COUNTY CODE SECTION 403.08 FOR NUISANCE ABATEMENT SPECIAL ASSESSMENT (LEGISLATIVE)

PROOF OF PUBLICATION OF ADVERTISEMENT FOR HEARING IS ON FILE IN THE
OFFICE OF THE CLERK TO THE BOARD

County Attorney Dylan Reingold recalled the Board's direction on December 3, 2013 for the County Attorney to draft a nuisance abatement special assessment ordinance that would allow the County to collect on the tax roll, assessments to recoup its costs for demolitions and nuisance abatements. After reviewing his memorandum of April 7, 2014 to provide the key details of the proposed legislation, he asked the Board to proceed with the Public Hearing and subsequent vote.

Chairman O'Bryan spoke about the money that has never been recovered that the County has spent on nuisance abatements and demolitions, and discussed the issue of homeowners who have to deal with nuisance properties or code violations in their neighborhoods. He supported the proposed Ordinance as a tool to bring about compliance on code enforcement liens that remain unsatisfied.

Vice Chairman Davis voiced opposition to the proposed Ordinance, and felt it was important to make a clear distinction between code violations that are a danger to public health and safety, versus aesthetic issues. He noted, too, that he did not agree with a governing agency imposing its will on private property rights.

Commissioner Flescher supported the current Code Enforcement proceedings and felt the proposed Ordinance was too much government. He also noted that with the economy improving, people are beginning to maintain their properties.

The Chairman opened the Public Hearing.

The following speakers spoke in opposition to the proposed Ordinance:

Wanda Scott, 4306 26th Avenue

Althea McKenzie, 2405 16th Avenue

Alex Kromhout, 4150 11th Place SW

There were no additional speakers, and the Chairman closed the Public Hearing.

ON MOTION by Commissioner Flescher, SECONDED by Vice Chairman Davis, by a 4-1 vote (Chairman O'Bryan opposed), the Board **DENIED** the proposed Nuisance Abatement Special Assessment ordinance.

10.B. PUBLIC DISCUSSION ITEMS

CONSULTING, INC. PROJECT FOR SOLID WASTE PROCUREMENT SERVICES

Bill Rigby, 8465 59th Avenue, was joined by Ardra Rigby in his address to the Board. The Rigby's voiced concerns, objections, and questions regarding a contract approved by the Board on April 8, 2014 to piggyback Okaloosa County's Contract with Kessler Consulting, Inc., for the provision of solid waste procurement services.

Discussion followed between the Commissioners, staff, and the Rigby's.

(Clerk's Note: This item was heard following Item 12.E.1, and was heard in conjunction with Item 12.G.1. It is placed here for continuity).

Doug Bournique, Governing Board Member, St. Johns River Water Management District (SJRWMD), spoke to the importance of developing a future surface water management plan, and urged the Board to act while potential funding sources are available for Lagoon-related projects.

Vice Chairman Davis mentioned that the Indian River Farms Water Control District (IRFWCD) should be included in the scope of services in Work Order No. 11 (see Item 12.G.1.), and stressed that the water project should be under the County's jurisdiction and encompass the entire County. He also advocated the reconnection of the severed waterways between separate water control districts.

Robert Adair, Soil and Water Conservation District (SWCD) and the Agricultural Advisory Committee (AAC) suggested that the scope of services be broadened to include water for agricultural use, as well as potable surface water.

Alex Kromhout encouraged the Board to take the opportunity to improve the surface water management process.

14.D. COMMISSIONER BOB SOLARI

14.D.1. ALL ABOARD FLORIDA (AAF)

(Clerk's Note: This item was heard in conjunction with Item 5.F. and is placed here for continuity).

Commissioner Solari recalled that the Board had sent a letter dated May 10, 2013, to All Aboard Florida (AAF) supporting the proposed high speed passenger rail project. He wondered whether the Board would like to take formal action at the next meeting to rescind said letter.

Chairman O'Bryan suggested that Commissioner Solari bring this item back under his matters at the May 6, 2014 County Commission meeting.

Additionally, Commissioner Solari wanted to ask the Florida Department of Transportation to ensure that AAF implement and follow the federal regulations for sealed corridors and the highest safety standards.

ON MOTION by Commissioner Solari, SECONDED by Vice Chairman Davis, the Board unanimously directed the County Attorney to draft a letter, and the Chairman to execute same, to the Florida Department of Transportation (FDOT) requesting that FDOT require All Aboard Florida to adhere to the highest safety principles outlined in the Federal Railroad Administration's report, including the recommendation to follow "sealed corridor" guidelines.

He felt that these latest stipulations create obstacles that may hamper the sale. Commissioner Zorc wanted to see if FMPA would provide a checklist of all the steps necessary to bring the sale to fruition. He also disclosed that Commissioner Solari had written an email (copy on file) refuting FMPA's allegations that citizen activist Glenn Heran is being paid for his efforts towards securing FPL electric service for the residents who are on City electric.

14.E.2. EMERGENCY ADDITION: FY 2014-15 FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION (FDEP) BEACH FUNDING ASSISTANCE

Commissioner Zorc explained his request to send a letter encouraging the House of Representatives to support the Senate's proposed allocation for statewide beach projects for Fiscal Year 2014-2015. He noted that a special appropriation is needed to address the lack of State reimbursement to the County for the construction of the Sector 3 Beach and Dune Restoration Project between 2010 and 2012.

A brief discussion ensued about the County's ranking among all of the funding requests.

ON MOTION by Commissioner Zorc, SECONDED by Commissioner Solari, the Board unanimously directed the County Attorney to consult with Joe McCann, Ballard Partners (the County's lobbyist), to draft a letter to the relevant legislators in the Florida House of Representatives requesting support for the Senate's proposed appropriation for statewide beach projects for Fiscal Year 2014-2015, as requested in the memorandum of April 21, 2014.
