

Attention Indian River County!

On August 4, 2022 Indian River County staff received the Letter of Final Determination from the Federal Emergency Management Agency (FEMA) regarding updated FEMA FIRM maps, dated July 26, 2022. This letter identifies our “proposed” FEMA FIRM maps as “Final.” As of July 26, 2022, Indian River County is required to review permits based upon the new FEMA FIRM map data. Until such maps are received by Indian River County, please use the following links to determine new FEMA FIRM map information. We will have the electronic maps up on our website as soon as possible.

## Flood Information

### Introduction

Devastating floods occur throughout the U.S. every year, causing more than \$2 billion in property damage each year nationwide. In Indian River County, flooding is caused by heavy rainfall that occurs in short periods of time, and from tidal surges and heavy rains that accompany coastal storms, tropical storms and hurricanes. Flooding sources include the Atlantic Ocean, the Indian River Lagoon and its associated tributaries.
